2018 UTILITY RATES

Town Council has passed the 2018 Rates and Fees By-law setting a **zero increase** in Utility Rates from 2017.

Town of Sundre Utility Bills will reflect the Alberta Government's Carbon Levy Rate increase from \$1.01/Gigajoule to \$1.517/Gigajoule on natural gas consumption.

The Town of Sundre is required to collect this levy and pass it on to the Province.

ATTENTION: GAS UTILITY CUSTOMERS

Our natural gas Supplier reported higher than expected revenues over the 2016-2017 Fiscal Year and have refunded those profits to their shareholders - Town of Sundre being one of them. Therefore, we are returning this unexpected revenue to our gas customers by way of a Gas Rebate on your Utility Bill.

The Utility Bill issued in December 2017 for the November 1st - 30th billing period includes a Gas Rebate credit which we calculated using your November 2017 gas consumption times \$0.61 per Gigajoule.
