

Project Information

Highway 22 and Highway 2A Rehabilitation

Project Details

During the 2017 construction season, Alberta Transportation (AT) will be rehabilitating highway 22 and highway 2A.

The rehabilitation work on highway 22 will consist of milling and paving from highway 580 (Cremona) to highway 27. As well, additional work will include intersection improvements at highway 580, Burnt Timber Road, Twp Rd 312, highway 582 Twp Rd 320 and climbing lane construction on highway 22 (northbound) north of Cremona.

The rehabilitation work on highway 2A will consist of paving approximately 2 km near the intersection of highway 580.

Schedule

The expected Schedule is as follows, but is subject to change without notice;

Climbing Lane Construction	mid April thru June
Intersection Improvements	Mid April thru June
Milling	late May thru July
Paving	late May thru July
Contract Completion	October 2017

What to Expect

During the milling and paving operation, the highway will be reduced to a single lane of traffic, with flagging personnel in place to manage traffic. These areas should be restricted to three kilometer zones.

During climbing lane construction and intersection improvement, traffic will observe restricted lane width and sharp shoulders.

Reduced speed limits will be observed through out the project.

Construction will typically take place from 7am-7pm daily. Please watch for and obey any flag persons directing the flow of traffic during construction. For up to date information on this project, please call 5-1-1 toll free or visit 511.alberta.ca
