DON'T FLUSH TROUBLE

Many items we use on a daily basis cannot go down our toilets or drains. By flushing down the toilet or pouring these materials down any of the drains in your home, you can cause:

- Damage or blockages of your home plumbing, which could lead to basement flooding
- Damage to the Town's sewer pipes located under the streets, which could lead to basement flooding
- Damage to wastewater treatment plants
- Harm to the environment and aquatic habitat in the local streams and rivers

The label might say "flushable" or biodegradable" but some of those items are clogging our sewer lines and damaging pumps and other equipment. If it isn't sewage or toilet paper don't put it in the toilet.

The following is a list of products that you should not flush or put down your drain:

PRODUCT	WHERE IT SHOULD GO
Wipes/baby wipes (even those that say flushable can cause a problem)	Garbage
Tampons, sanitary pads	Garbage
Medications	Return to Pharmacy
Band-aids, dental floss, cotton swabs and condoms	Garbage
Kitty Litter	Garbage
Hair from brushes	Garbage
Toothpicks	Garbage
Cigarette Butts	Garbage
Vegetables & Fruit scraps	Compost
Fats, oils and grease	Transfer Station
Coffee grounds	Compost
Paper towels, tissue paper	Garbage

If you have any questions please call the Town Shop at 403-638-4707.

CLICK BEFORE YOU DIG

alberta1call.com

With summer upon us there is an increase in construction projects, such as, fencing, planting trees or building decks, to name a few. Contractors and homeowners are reminded that prior to digging, they need to contact Alberta 1 Call to have utilities located.

Did you know the financial costs of repairing any damage you cause to a buried utility, will be the excavator's expense.

Call or Click Alberta 1 Call, to request the buried utilities on your property to be located and marked atleast **TWO FULL WORKING DAYS before you plan to dig**. They can accept your request up to 14 days in advance.
