TOWN OF SUNDRE CONSTRUCTION

With all the construction currently occurring in the Town of Sundre, residents and drivers are encouraged to be patient. Our contractors and staff try hard to provide signage to indicate detours and delays for the driving public. Remember the detours near Centre Street are in residential areas and this is burdensome to the families living there. Please be respectful and slow down in these areas.

Jim Hall, Operations Manager

PLEASE KEEP THE SEWER SYSTEM WORKING!

Recently the Town of Sundre Operations Department has responded to call about a sewer main that was clogged and was beginning to back up. A quick response removed the blockage and it was found that flushable wipes were the cause. These products are not permitted in the sewer system, as they do not "break down" as the package implies. This blockage could have filled several basements in nearby homes. Remember only the 3 P's down the toilet and no fats or greases down the sink.
