

HOW DO I GET MY TOWN-PROVIDED UTILITIES HOOKED UP?

If you're buying an existing property ... there's really nothing that has to be "hooked up". All you need to do is contact us and provide your possession date and correct billing information, and the billing gets switched to your name. That's all there is to it.

If you're a renter ... you are not the billing customer. In Sundre, the property owner remains the billing customer and is responsible to ensure that utility bills are paid. It is up to the property owner to determine whether or not they want you to receive a copy of the bill, and we may only provide that to you upon direction from the owner.

NOTE: *Electricity and communication utilities are provided by the private sector, and are not handled by the Town. On our site, go to Government / Corporate Services / Utilities for more information.*
